

MOHAMED ELSHAZLY

WEB DEVELOPER

/ ALL ABOUT ME

I'm a uni-graduate with a strong eye for innovative design and a keen understanding of new techniques, and skills. I'm a Full-stack web developer with experience in building websites and web applications. I specialize in Javascript and have experience with React.js, and the rest of the MERN stack. I also have some experience in other frameworks like Django and Flask.

/ PROJECTS AND EXPERIENCE

>> Post-Rock

<https://post-rock-10e9e.web.app/>

Post Rock is a website utilizing Spotify web API to get every song in the Post-Rock genre, it allows users to search for any post-rock band they want, and view all of their albums and tracks. Users can play the preview of the songs, then they'd be redirected to Spotify to listen to the full song with a click of a button.

>> Etch-A-Sketch

<https://mohamedelshazly.github.io/Etch-A-Sketch/>

A recreation of the game 'Etch A Sketch' on the web, where you have two modes, drawing and deleting. You can also resize and reset the canvas however you want. In this project, I aimed to demonstrate my DOM manipulation skills, and design.

>> Poorman's Discord

<https://poormans-discord.herokuapp.com/>

A chatting web app that supports user authentication using Passport.js Google Strategy. You can create rooms and chat with people in real time. It heavily uses Socket.io, Node.js, MongoDB, and Express.

/ EDUCATION HISTORY
